

EVAPCO FOR LIFE

Heat Transfer Innovations for a Better World

Since 1976

An Employee-Owned Company
Commercial HVAC | Process Cooling
Industrial Refrigeration | Power

Welcome to EVAPCO...

What makes EVAPCO different and better than any other manufacturer in the commercial HVAC, Industrial Refrigeration, Power Generation, and Industrial Processing markets? In the end, the answers all point back to our team: the EVAPCO family, of which you are a vital part.

EVAPCO employees are fiercely loyal to each other, to our representatives, and most importantly, to the people they serve. We recognize that our customers are at the center of our success, and we never take for granted the level of trust that you put in us when it comes to your heat transfer needs.

Therefore, we demand excellence in everything that we do. We're here to make your job easier, to be your partner, and to exceed your expectations. EVAPCO for Life, our tagline, sums up this commitment. It is our promise that we will always provide you with the most innovative and most reliable products, created and built by the best people in the industry. By choosing EVAPCO, you're letting us know that we're doing the best job possible for you.

We want to thank you, not only for your business, but for inspiring our message. By working together with you, EVAPCO has been able to consistently breed a level of innovation, craftsmanship, and professionalism that our competitors find difficult to match! We couldn't do it without you!

Very sincerely yours,

A handwritten signature in black ink that reads "William G. Bartley". The signature is written in a cursive style with a large, prominent "W" and "B".

William G. Bartley
President and CEO

Get to Know EVAPCO

- The global innovator in heat transfer solutions
- Serving the commercial HVAC, Industrial Refrigeration, Power Generation, and Industrial Processing markets
- Founded in 1976
- Employee-owned
- 22 manufacturing facilities in 10 countries
- More than 170 sales offices worldwide

EVAPCO is more than a name.

It's a pledge to make everyday life easier, more comfortable, more reliable, and more sustainable for people everywhere. How do we fulfill that promise? It's simple.

We never stop innovating.

At EVAPCO, we don't just talk about innovation, it's ingrained in our workflow. Guided by our annually developed R&D plans, we set out to find groundbreaking solutions that transform the way the world works for the better. It's why we have more than 28 patents worldwide in the last 10 years alone.

We craft exceptionally built solutions.

As an employee-owned company, we take pride in our work. We are proud to be one of the most experienced teams of engineers and craftsmen in the industry. This translates into solutions that are always exceptionally built. EVAPCO has an unwavering commitment to provide "best in class" heat transfer solutions and services.

We guarantee performance.

Every EVAPCO solution is put through rigorous research and testing to ensure maximum efficiency and reliability. But we don't stop there. EVAPCO is an industry leader in independent, third-party performance certifications. These certifications guarantee our performance metrics—so that you can plan your projects with complete peace of mind.

We protect the environment.

Innovation and environmental sustainability go hand-in-hand at EVAPCO. Our industrial heat transfer equipment not only conserves natural resources and helps reduce noise pollution, but also feature recycled steel content in construction. EVAPCO's stainless steel units are constructed of panels that contain up to 75% of recycled content, and our galvanized units contain over 80%. From sound reduction to water conservation to chemical elimination, we are continuously developing new technologies that deliver the ultimate operating advantages to our clients—while protecting the planet for every generation to come.
